Healing by Subtraction

We remove unwanted spiritual energies, ancestral genetic energies, past life and karmic programming, emotional energies and other negative spirit energies such as those generated by difficult relationships, abortions, miscarriages, abuse and trauma. We teach you how to find and follow correct guidance and change the way you live.

In addition, we work on clearing and harmonizing the energies of the mind such as perception, intuition, memory and connecting your mind to both your inner self and higher self so that brain function becomes a useful instrument for living your life in a positive manner.

This healing is ever expanding through experiences with individuals who have sought our help. Along with removal of negative energies and patterns, we may become a conduit for healing energies that you can feel and incorporate.

We make no specific claims, promises or guarantees. We may share “received” experiences but this is not the same as a medical diagnosis. It is a spirit-medicine diagnosis. We do not medically prevent, diagnose, treat or cure disease.

You are solely responsible for continuing with your own medical or psychiatric treatment and emotional care.

The undersigned hereby acknowledges that he/she is solely responsible for his/her own wellness and emotional states and that he/she has read and understood the above and has freely and unconditionally agreed to receive and participate in spiritual wellness work and will hold any claims, payments, and/or actions unconditionally harmless with Reverend Nicholas Harper and Yukiko Amaya.
